

**WISDOM**  
By Andrew, Tom, Nathan and Lucien

# Definition For wisdom

- The definition for wisdom is to make good choices, judgements, knowledge and well experienced.

# Solomon and the two wives

---

- Two women come to the king's palace. One claims that the other woman stole her baby. The other woman denying she hadn't done anything and said that she stole her baby. King Solomon broke the conversation by exclaiming to his guard, "GO and get my sword and I will cut the baby in half." The First Lady shouted "No!" But the other lady agreed saying, "Yes that is a good idea. Give me, the actual mother one halve and that thief the other." Solomon then gave the First Lady the baby because she wanted her baby alive.
  - This is a good example of wisdom played by Solomon.

## How can we show wisdom at school?

- If someone falls over use your wisdom to tell a teacher.
  - Always be wise and do the right thing.
  - Choose the right thing because if you don't the path you take may lead you to trouble.
-

# Prayer

- Dear god help us to be wise in all the things we do help us to take the right path in life and make good decisions
- Amen.
